UPHOLSTERY, CARPET, AND STAIR HARDWARE

MANUFACTURED BY

THE GOULD-MERSEREAU CO.

259 CANAL STREET, NEW YORK.

Boston Office: 13 Hayward Place.

July 1st, 1896.

TO THE TRADE

IN presenting our catalogue for the Season of 1896 we feel that it represents the most complete line of Upholstery and Carpet Hardware that we have ever offered. . . . We desire to call particular attention to the substitution of many new designs for such old patterns as have become obsolete and no longer in demand, also the many new specialties which we have introduced to take the place of more time-worn ideas. This we believe will be appreciated by the trade generally to whom we wish to extend the assurance that the quality and finish of our goods will be maintained to equal their past high standard.

Our manufacturing facilities now being confined exclusively to the branches of trade herein represented enables us to devote our entire efforts in the one direction. the result of which will be shown from time to time by the edition of supplements illustrating the latest trade offering.

MAIL ORDERS WILL RECEIVE CAREFUL AND PROMPT ATTENTION.

This being a special feature of our business, customers may rely upon receiving the lowest ruling market quotations on all orders entrusted to us.

Estimates furnished on special work of all kinds.

We thank the trade for their support in the past, and by careful study and close attention to their requirements we hope to merit a continuance of their patronage.

SPECIAL FINISHES TO ORDER.

In ordering Poles or Trimmings to match any particular finish, we would request that the customer so ordering send us a sample of the exact finish wanted, and thus avoid any possible chance of an error. Should you entertain any doubts regarding the finish wanted, we will forward you a sample board of finishes on application.

We will in no way hold ourselves responsible for any error occurring where customers have failed to comply with above request.

SPECIAL FINISHES TO ORDER.

In ordering Poles or trimmings to match any particular finish, we would request that the customer so ordering send us a sample of the exact finish wanted, and thus avoid any possible chance of an error. Should you entertain any doubts regarding the finish wanted, we will forward you a sample board of finishes on application.

We will in no way hold ourselves responsible for any error occurring, where customers have failed to comply with above request.

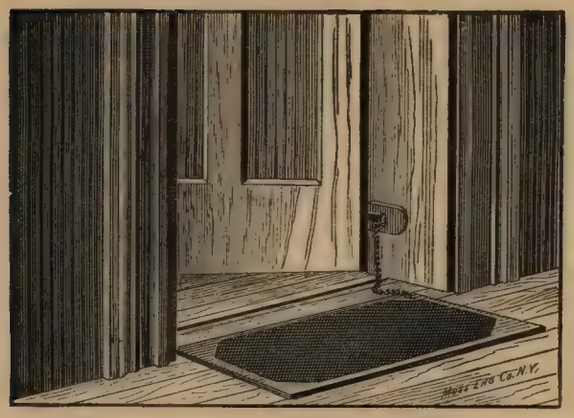
MAT GUARDS.



No. 5.

No. 5.....Each, 70 cts. Per dozen, $7.20

The No. 5 Mat Fastener is offered as a cheap yet secure device tending to prevent the loss of mats. No lock is used or needed, as the closing or opening of the door, locks or releases the chain. The plate is screwed close to the edge of the door-jamb. In the plate there is an opening or slot into which slides a button which is attached to end of chain. The closing of the door against the edge of opening in the plate covers the opening and thus prevents it from being removed.

No. 6.	½-inch opening for Rubber mats	Each,	$1.80	Per dozen, $18.00
No. 7.	¾ " " " Cocoa "	"	1.80	" 18.00
No. 8.	1 " " " " "	"	1.80	" 18.00

This Door Mat Fastener is one of the best appliances yet introduced as a reliable guard from loss of mats. The accompanying cut illustrates the manner of applying: By raising the upper half of plate, the mat is inserted. It is then pressed down over the centre prong and end pin, after which the upper plate is closed back and the mat is perfectly secured by riveting the projecting part of the pin.
